

Environmental Policy

Page 1

Revision date January 2008

Beard and Fitch Ltd will integrate environmental best practice into its business activities while maintaining an appropriate balance between environmental and economic considerations.

Accordingly Beard and Fitch policy is to:

-  **Apply** responsible standards in areas not already covered by existing laws and regulations;
-  **Respect** the environment and emphasise every employee's responsibility to improve environmental performance;
-  **Integrate** environmental considerations into all of our activities including considering the environmental impact of products and services in our purchasing & manufacturing decisions;
-  **Minimise** our use of resources and wastage of materials as far as economically and practically possible;
-  **Save** energy through the monitoring of unnecessary use of energy sources and ensuring equipment is kept switched off when not needed;
-  **Share** experiences with others to foster wider improvements within the community and communicate with experts within the environmental community on specific matters.
